## **SB 3052 - HB 3099**

March 15, 2000

**SUMMARY OF BILL:** Authorizes the Tennessee Advisory Commission on Intergovernmental Relations to contract with higher education or other state or local agencies to conduct an inventory of statewide public infrastructure needs. Current law only allows TACIR to contract with the nine development districts.

### **ESTIMATED FISCAL IMPACT:**

**Other Fiscal Impact – Shift in revenues and expenditures from development districts to state or local government agencies to the extent TACIR chooses to contract with such agencies rather than the development districts.**

Assumes state or local government agencies contracting with TACIR for the infrastructure inventory would experience increased expenditures which would be offset by the compensation provided for in current law.
